## **Knowledge Sharing Opportunity: Panel Discussion**

**“Revitalizing Printed Information Resources in the Digital Age: Collaborative Solutions”**

**April 2, 2024 at 11:00-1200 am | Venue: video conference (SNAL) & through Zoom link**

### **Objective**

Embark on a collaborative journey with us to revitalize the utilization of printed information resources in the digital era. This webinar presents an invaluable opportunity for information providers and users to exchange insights, address challenges, and co-create solutions in enhancing the accessibility and usability of printed materials.

### **Rationale**

In an increasingly digital landscape, printed information resources face unique challenges. Join us as we explore innovative strategies to bridge the gap between printed and digital resources, ensuring equitable access and usability for all users. Together, we will navigate the evolving dynamics of information provision and consumption in the modern age.

### **Key Questions to Explore**

1. How can we optimize the usability of printed information resources to meet the diverse needs of users?
2. How do user preferences shape budget allocation and collection development policies, and how can we adapt to these evolving needs?
3. What knowledge can we glean from the panellists' experiences to inform future practices and initiatives in information provision?
